ORGANIZATION

European Commission

DESCRIPTION

Prize for SESAR Young Scientist Award 2018.

The **Single European Sky Air Traffic Management Research and Development (“SESAR”)** project aims to modernise the air traffic management (ATM) in Europe and represents the technological pillar of the Single European Sky (SES). It aims to provide the European Union with a high performance air traffic control infrastructure which will enable the safe and environmentally friendly development of air transport.

The **SESR Young Scientist Award 2018** (YSA 2018) aims to recognise young scientists with high potential contributing to the scientific research in the field of air traffic management and aviation. In addition, the award also provides a mechanism for further personal development.

Any Young Scientist who has contributed to scientific achievements within the area of Air Traffic Management and Aviation within their:

Bachelor thesis defended not more than 18 months before the date of publication of the present Call, or

Master thesis defended not more than 18 months before the date of publication of the present Call, or

PhD thesis defended not more than 18 months before the date of publication of the present Call; or

on-going PhD,

and who are a citizen or a resident in an EU Member State or an Associated Country⁴ to the Horizon2020 Research and Development Framework Programme (H2020).

The (up to) three short-listed applicants of the Young Scientists Award will be invited to attend the **SESR Innovation Days 2018**.

The SESAR JU will reimburse the short-listed participants attending the SIDs for their travel and accommodation costs related to the attendance for the entire duration of the SIDs event.

The winner will be publicly announced at the “SESR Innovation Days” that will take place in Austria at University of Salzburg in December 2018. The winner will receive a prize of EUR 5000. The (up-to) three short-listed applicants will receive:

a symbolic trophy,

the opportunity to present their research at certain high profile SESAR events;

the opportunity to have their work publicised via the SESAR JU communication channels;

a written interview and article spotlighting them and their research to be posted on the SESAR JU e-news and social media.

Deadline for the Submission of application: **31 July 2018**.

Notification of short-listed participants with the invitation to participate in the SESAR Innovation days: End of October 2018.
